

RoboMaster Competition

Final Submission Checklist

Five things get uploaded to Schoology. Three come from your crew, two come from you individually. Check each box off as you upload it.

What gets submitted

	What to Submit	Who Submits It	Format
☐	Game Design Document, final version	Crew (Media and Rules uploads)	Doc, all 6 required fields
☐	Two playtest logs	Crew (Media and Rules uploads)	Doc or written log
☐	Open Events program file or link, plus a clip	Crew (Programmer uploads)	File / link + short video
☐	A photo or clip proving you drove	Individual, every student	Photo or video
☐	Your reflection (3 to 5 sentences)	Individual, every student	Written, your own words

How to upload in Schoology

1	Go to the assignment in Schoology.
2	Click "Submit Assignment."
3	Click "Upload," not "Create." Create is for typing text and will not let you attach a file.
4	Select your files and click "Submit."

Base tier recap: everyone does this

Not a separate submission. This is what the five items above have to add up to. Use it to check your crew is actually done before you upload.

☐	Joined a crew, claimed a lead role
☐	Researched three real robot competitions
☐	Proposed and claimed your game before another crew did
☐	Game Design Document, final version, all six required fields
☐	Two playtests logged, at least one rule changed because of what happened
☐	Entered at least one Open Events event with a working autonomous program
☐	Drove in at least one live match
☐	Wrote code of your own that runs on a robot
☐	Refereed, scored, or filmed two matches you were not competing in
☐	Set up, refereed, and ran your own game live, finished on time

Crew sign-off

Crew name / number, and the name of the Media and Rules lead who uploaded:
